IV. Item 5.3 of the INSTRUCTION TO BIDDERS under Section II of the Bidding Documents (Page 11 of the Bidding Documents)

Since the bids should be made per lot, the SLCC shall be computed for each lot that the bidder participated in. However, since bidders are required to bid for Lots 1 and 2 (as they are indivisible), the SLCC should be computed based on the total ABC of the two lots. The SLCC for each lot must have been completed within three years prior to the deadline for the submission and receipt of bids.

V. Item I(f) of the CHECKLIST OF TECHNICAL AND FINANCIAL DOCUMENTS under Section VIII of the Bidding Documents (Page 38 of the Bidding Documents)

Since the bids should be submitted per lot and the evaluation thereof would be per lot as well, interested bidders must provide a Secretary's Certificate, where applicable, for each lot participated in.

Interested bidders are directed to read our bidding documents and the clarifications, as well as any supplemental bid bulletins to avoid disqualification. We likewise advise you to ensure that all forms incorporated in our bidding documents and bid bulletin pursuant to GPPB Circular 04-2020 are used.

VII. OTHER MATTERS

Bidders who will be bidding for more than one (1) lot are required/reminded to submit a bidding document including all the bid forms and documents required per lot joined.

For the information of all concerned.
